Summary

Computer Science Engineering student interested in Product Design and UI/UX, with experience designing and developing responsive web interfaces. Skilled in Figma, React.js, Tailwind CSS, HTML, and CSS, with a strong interest in user-centered design, usability, and creating intuitive digital experiences.

Work Experience

Web Development Intern Internshala (June 2024 – August 2024)

- Developed and deployed responsive web pages using HTML, CSS, and JavaScript with cross-device compatibility.
- Optimized responsive layouts and frontend performance to improve mobile usability.
- Collaborated with team members to implement UI enhancements and improve website usability.

HR Video Editor Visoka Foundation (June 2023 – Present)

- Edited HR event and employee engagement videos.
- Collaborated with HR and media teams for quality content delivery.

Education

Bachelor of Technology in Computer Science & Engineering 2023 – 2027
University of Lucknow
Current SGPA: 7.77

Projects

Fraud Watch Dashboard - React.js, Node.js, Express.js, REST API

- Developed a full-stack fraud detection dashboard analyzing transaction datasets.
- Implemented fraud detection patterns including circular routing and chain transfers.
- Integrated CSV upload with REST APIs for real-time analytics.
- Built interactive network graph visualization.

Travel Sphere - Figma, React.js, Tailwind CSS, JavaScript Live Demo

- Developed a responsive travel dashboard for destination discovery, trip planning, and booking management.
- Implemented destination search, trending locations, travel recommendations, and interactive calendar features.
- Built reusable React components with a modern, user-friendly UI using Tailwind CSS.

Threadlink - React.js, Node.js, Express.js, Gmail API, Google Calendar API, MongoDB Live Demo

- Built an AI-powered productivity platform with Gmail and Google Calendar integration.
- Automated email-to-task conversion, smart email replies, and workflow management using Groq LLaMA 3.
- Developed real-time dashboards for task tracking and productivity insights.

TECHNICAL SKILLS

Design: Figma, UI/UX Design, Wireframing, Responsive Design, Visual Hierarchy, Typography, Design Systems
Languages: Java, JavaScript, HTML, CSS
Frontend React.js, Tailwind CSS, Responsive Web Development
Backend: Node.js, Express.js, REST APIs
Databases: MongoDB, SQL
Developer Tools: Git, GitHub, VS Code, IntelliJ IDEA
Core CS: Data Structures and Algorithms, OOP, DBMS, Operating Systems, Computer Networks

Achievements

- Successfully participated in Google Arcade 2025, gaining hands-on exposure to cloud technologies.
- Smart India Hackathon (SIH): Ranked among Top 50 teams at University Level.
- Actively involved in content creation and social media.
- Worked as a Facilitator at Vishoka Welfare Foundation, supporting community awareness and educational initiatives.
- Solved 100+ DSA problems in Java.
